DETAILED ACTION

Claim Objections

1. **Claim 14** is objected to because of the following informalities:

Term "**comprising;**" in **line 1** is improper since the semi-colon ";" should be replaced by a colon ":".

Examiner suggests changing this term to "**comprising:**"

Appropriate correction is required.

Claim Rejections - 35 USC § 112

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter, which the applicant regards as his invention.

3. **Claims 14-16, 20 and 23-25** are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

a) **Claim 14** recites the limitations "**said associated cell rate requirement**" and "**said overflow events**" in **line 3**. There are insufficient antecedent bases for these limitations in the claim.

b) **Claim 23** recites the limitation "**said negative decision message**" in **line 2**. There is insufficient antecedent basis for the limitation in the claim.

Allowable Subject Matter

4. Claims 13, 17-19, 21 and 22 are allowed.

5. Claims 14-16, 20 and 23-25 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.
